Hi Paula,

I was only able to come up with one document that matches the search criteria – and it took quite the search to find it. It also is in email format, so I'm not sure it is what you are looking for. I attached it for your convenience. Also attached are two indices as I searched under City of Denver and City and County of Denver as addressees.

Please let me know if you need anything else or if you can think of more criteria to search under. Thank you!

Shawna - The letter that you attached to this email regarding Globeville Landing Park was very useful. I have another request for OU-02. Are there any other letters since April 2003 from EPA to the City of Denver that discuss the groundwater at OU-02? If so, can you either send me the documents or at least an index of the documents.

Thank you

Paula Schmittdiel

Shawna – Can you search the records for a “No Further Action” letter that EPA sent to the City/County of Denver for surface soils at the Globeville Landing Park in April 2003. If it references a report by CH2M Hill dated 2002, I’d like to see that document also. Thank you.
